

Conn-West Has Successful United Way Campaign

Conn-West Elementary collected over \$500 in October during their 2011 United Way Campaign. Students and staff accomplished this by participating in a friendly collection competition. Grade level teams competed against each other to be the top school fundraiser by having students place coin donations in designated jars. The grade level that raised the most money received a popcorn and movie celebration. Also, for a \$1.00 donation students and staff were allowed to “dress down” on October 21.
