

South Rotary Club Helps Beautify High Grove

The South Kansas City Rotary Club sponsored a landscape beautification project at the Grandview C-4 School District High Grove Early Childhood Center on Saturday, September 24. Working with district staff, parents and community members, Rotary members installed landscaping improvements (mulch, flowers, shrubs and edging) at the front area of High Grove. The project was selected by the Rotary as their 2011 community service endeavor.

Many of the project plants were donated by the Kansas City State Line Lowe's. Rotarian participants were Allen Meyer (former GC-4 Board of Education member) and his wife Chris Meyer, Tom Reppell, Kyle Elliott and his son, John Duffey, Jake Buttram, Bryan Pumphrey and family, Randy Mize and Ralph Teran (GC-4 Superintendent). You can view the project photos on the GC-4 Facebook and Twitter page or on the Current News page of the district website at www.csd4.k12.mo.us/currentnews.html.
